

Mountain Spring, where it is most beautiful

Dear Guests

There is hardly any other region in our beautiful country where the mountain spring is as intense and beautiful as in the Engadin. You almost get the impression that the alpine flowers deliberately use the short time of summer to shine in all their colourful glory. When the alpine roses cover entire slopes with their rich red and delicate pink colours from around mid-June to mid-July, it's heart-warming.

Take a walk, hike or even go mountaineering and consciously soak up the marvellous nature of the Engadin. Pure relaxation for body, mind and soul!

Treat yourself to a few mountain spring days with us at the Hotel Maria in the beautiful Engadin village of Sils; it will do you good and you will remember it for a long time. Will do you good and you will remember it for a long time to come.
